POLYSAFE

PREMIUM UNBREAKABLE DRINKWARE

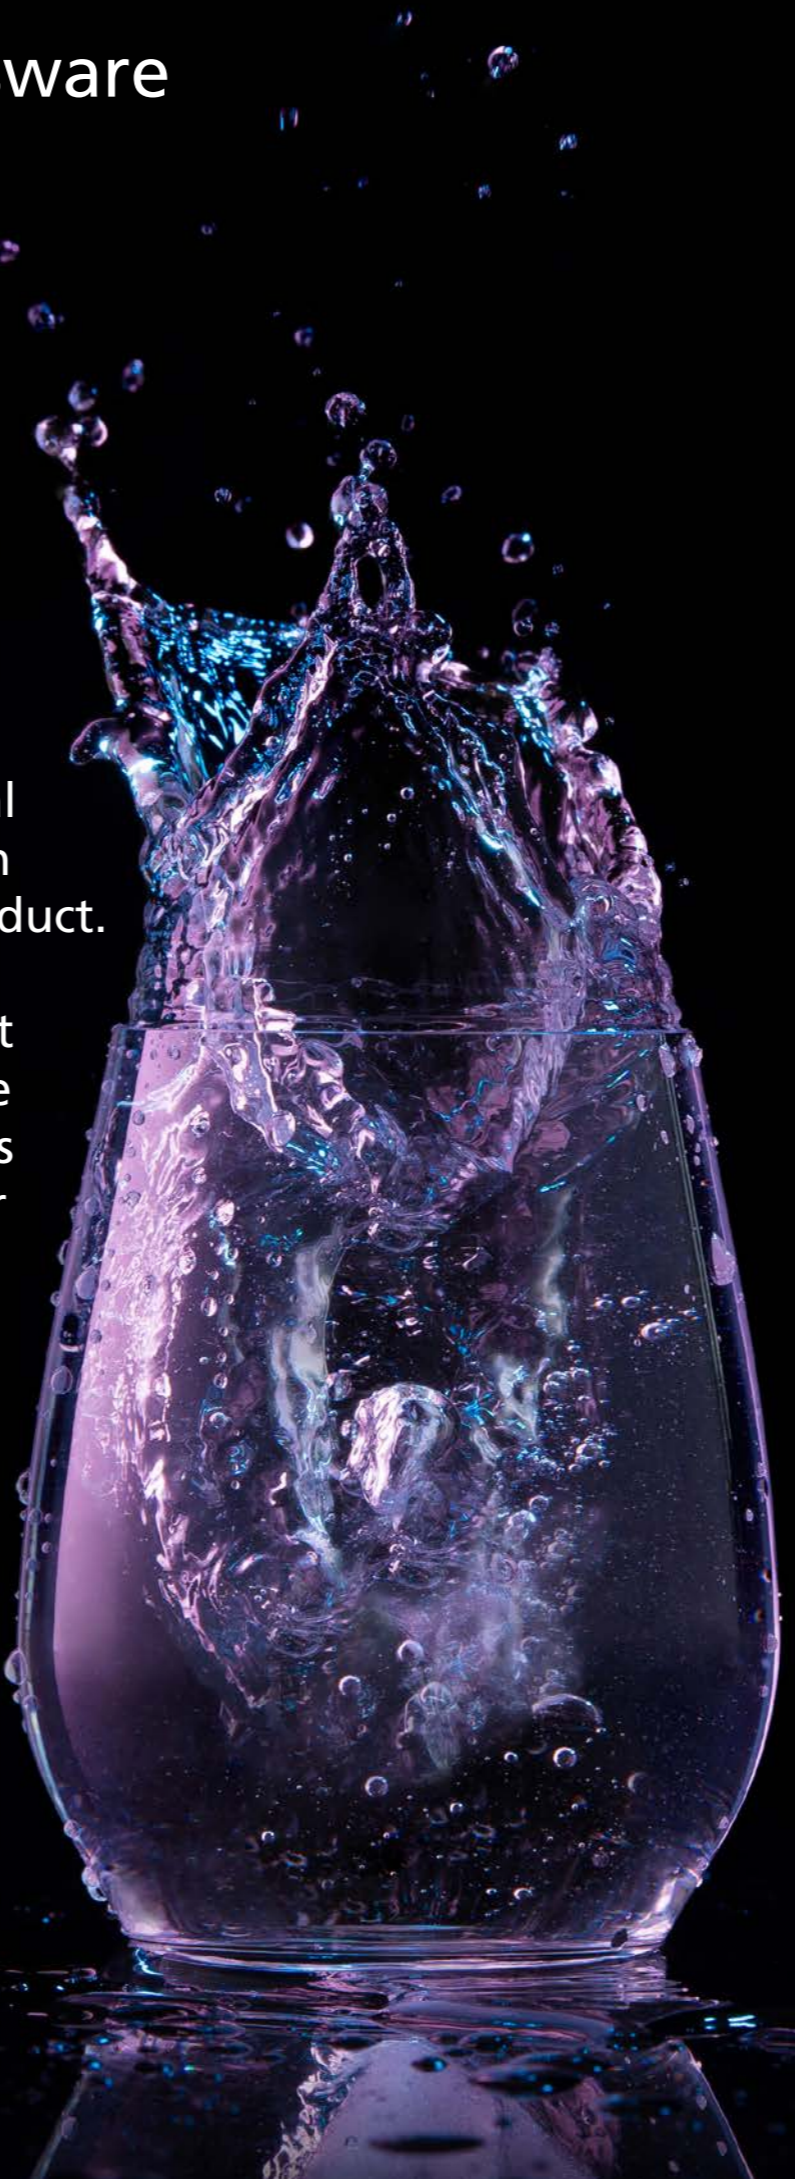

The beauty and elegance of glassware and the safety of Polysafe.

The stunning Polysafe drinkware range provides the customer experience you need from your glassware while providing a safe drinking environment in your establishment.

The Polysafe range is stylish, lightweight and durable and made from the highest quality food-grade polycarbonate; it's beautiful to look at and cleverly crafted to provide a strong internal structure that guarantees no cracking or injection bubbles and results in a rigorous long lasting product.

While your guests enjoy drinking from a glass that looks and feels exactly like the real thing, Polysafe shatterproof glasses gives peace of mind. Patrons can't use them as a weapon; they won't shatter or break and won't damage carpet and flooring.

Gorgeous to look at, a dream to drink from and a smart choice.

Ale Haus

Savvy beer drinkers will love the gently rounded drinking lip, sturdy stem, and heft of this European styled Ale Haus glass. It's shatterproof, but feels like glass, and thus the perfect way to enjoy an ice-cold beer.

Balloon Cocktail

Make a splash! There's a cocktail for every occasion, and we have the glass for every cocktail. Our beautifully shaped cocktail range delivers high style in safe, unbreakable polycarbonate.

Batida

Versatility is key with our Batilda range of stackable Highballs. Serve up sensational mixed drinks over ice every day – or highball cocktails for that special occasion. The star-shaped all-purpose drinking range is available in three sizes. Perfect for any occasion.

Bellini

Choose the mood. And the moment. There's an ideal sparkling wine or champagne Bellini glass to complement any occasion. Four beautiful shapes for four distinct drinking experiences.

Carafe

This classically styled carafe is ideal for bars, catered events, or even traditional dining environments. Safe, durable and attractive.

Cocktail

Make a statement with the cocktail glass for any occasion. With its muted but elegant shape, this range is attractive, and it's constructed from safe, unbreakable polycarbonate.

Coffee / Tea

It's the ideal coffee or tea mug for bars, catered events, or even traditional dining environments. Safe, durable and stylish.

Colins

The versatile and sophisticated Colins range is ideal for discerning tastes in both glassware and cocktails. It has an internal stacking ledge, which makes for easy storage. Practical and pleasing to the eye.

Colins Smoke

All the sophistication of the Colins range with an added smokey hue. The stylish tumbler, highball and pint-size glassware also have a hint of colour to add mood to any moment.

Conical

Four beer glasses to satisfy any size thirst. Our traditional Conical glassware range is available in middy, schooner and pint sizes as well as our specialty Headmaster Schooner. Lightweight, easy to stack and beautifully balanced.

Crystal

For the ultimate in drinking pleasure, Polysafe has replicated the classic but contemporary crystal cut glass design. The twist is they've created a range that is both durable and shatterproof by constructing it with food-grade polycarbonate. Smashing design, unbreakable product.

Double Shot

This understated line of shot glasses is solid, well-balanced and serves up just the right amount every time.

Hurricane Cocktail

Make a statement with the cocktail glass for any occasion. With its curvy and festive shape, this range is attractive, and it's constructed from safe, unbreakable polycarbonate.

Jasper

The flexible yet elegant Jasper range is both stackable and stylish. Its pentagonal base and round rim make this a beautiful option for cocktails – or even a new take on serving water or spirits.

Jasper Smoke

Jasper Smoke adds a dash more style, a subtle hue and an attractive twist to this stackable and stylish range.

Margarita

Make a statement with the cocktail glass for any occasion. With its familiar yet sophisticated margarita shape, this range is attractive, and it's constructed from safe, unbreakable polycarbonate.

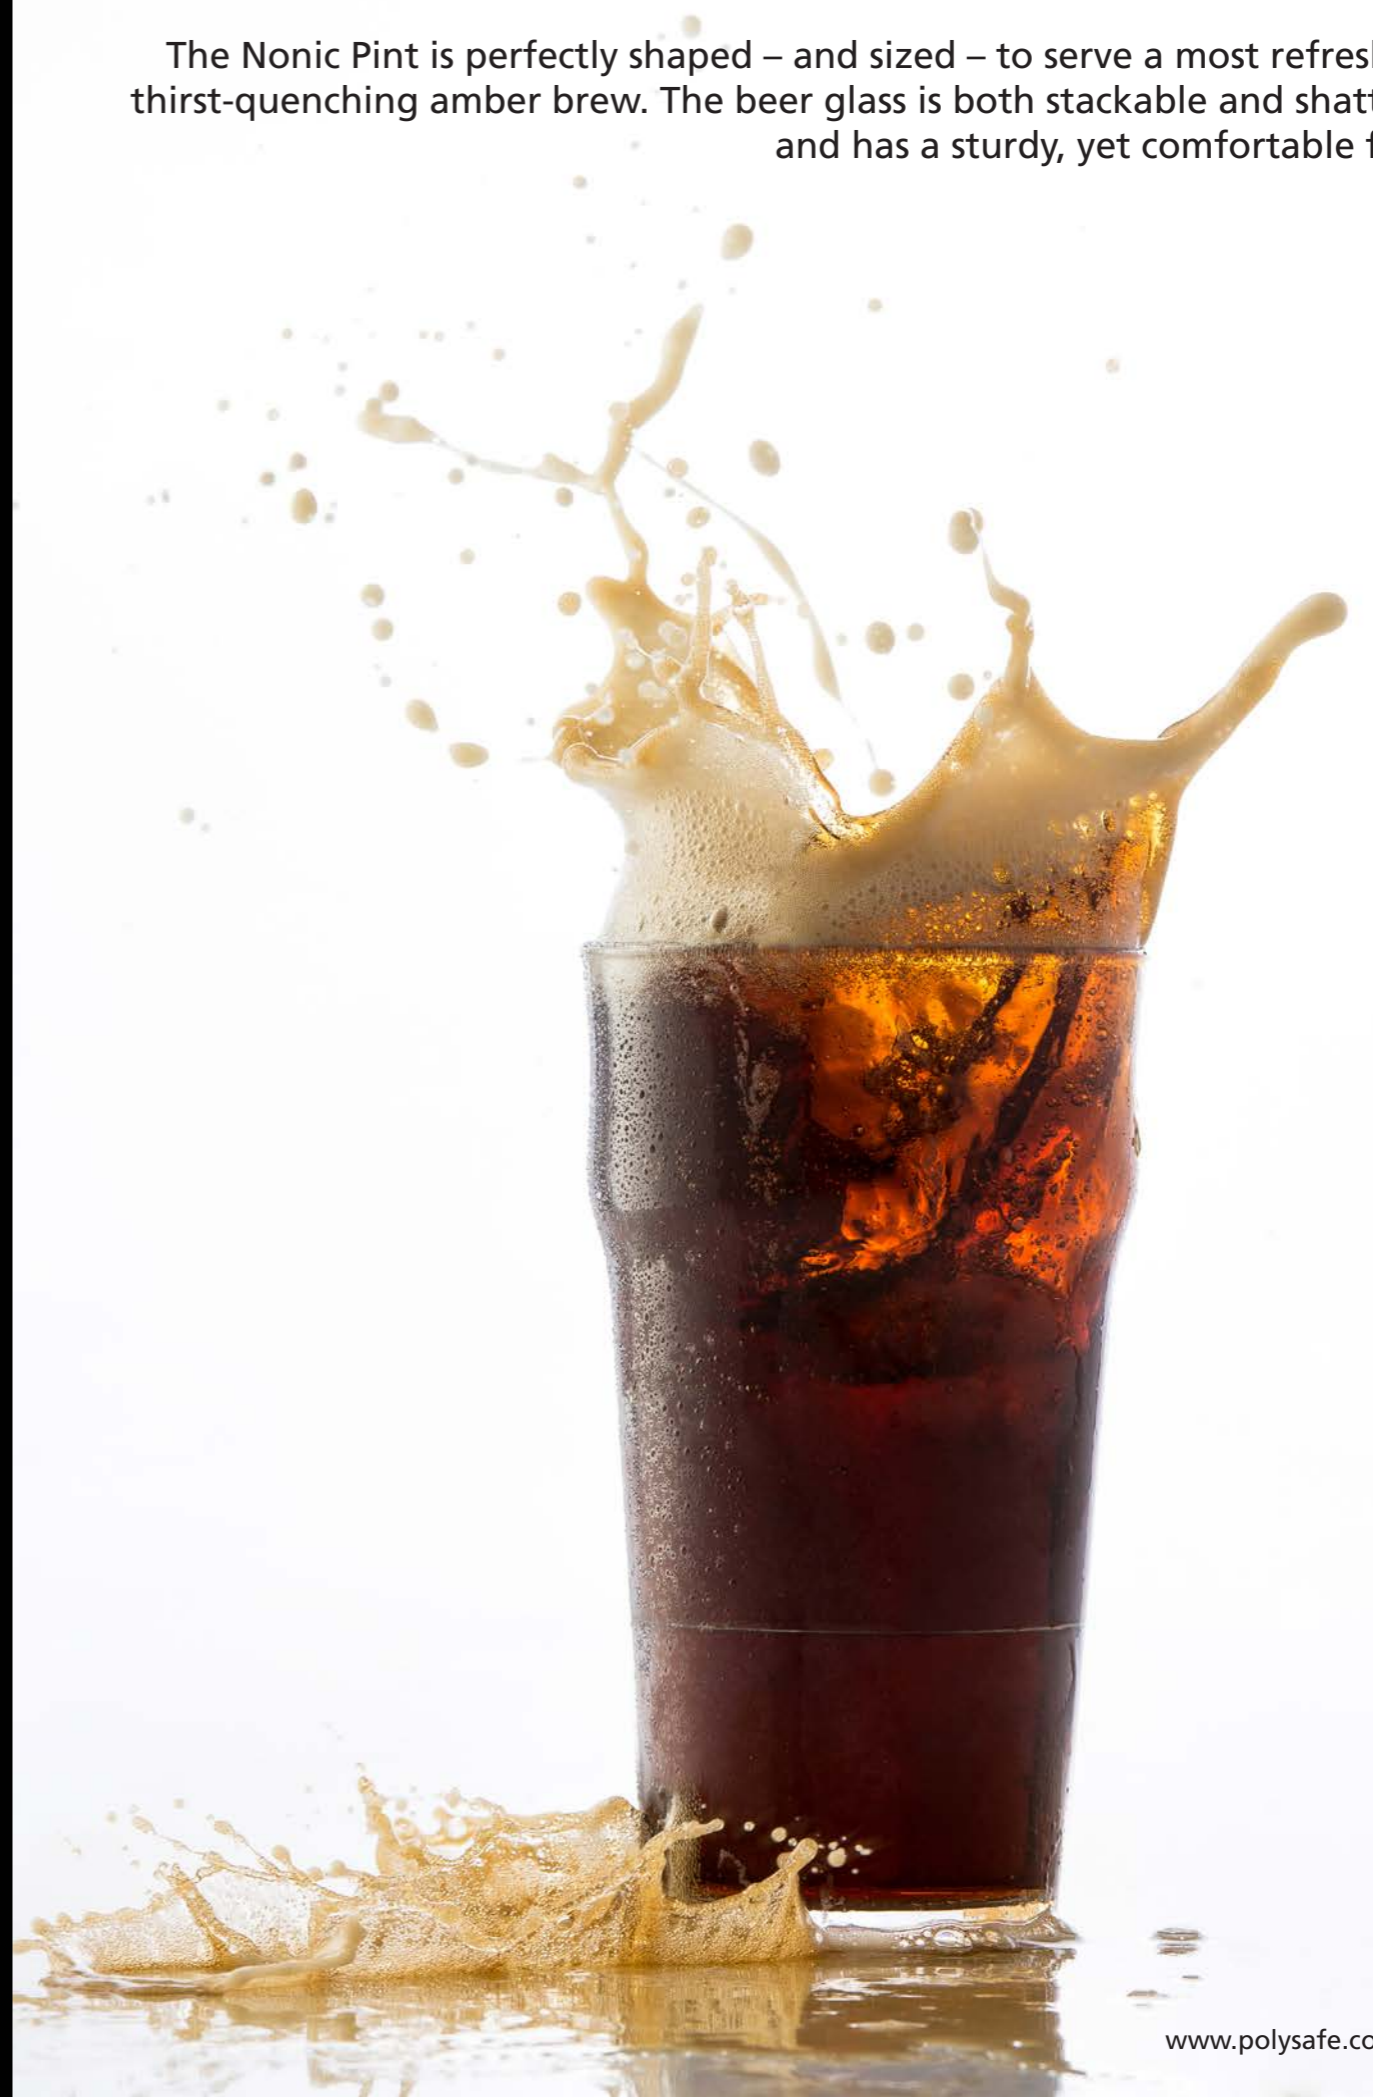

Martini

Make a statement with the cocktail glass for any occasion. With its classic yet sophisticated martini shape, this range is attractive, and it's constructed from safe, unbreakable polycarbonate.

Nonic Pint

The Nonic Pint is perfectly shaped – and sized – to serve a most refreshing and thirst-quenching amber brew. The beer glass is both stackable and shatterproof, and has a sturdy, yet comfortable feel to it.

Pure

The solid white Pure range adds a hint of flair to any occasion. Available in four varied shapes to suit any drinking experience, it's guaranteed never to chip or fade.

Rocks

The stackable, storable Rocks range is perfect for any establishment and any occasion. It's also dependable and functional, but never fails to deliver a clean presentation for any drink served.

Rocks Colour

The Rocks range of tumblers makes a bold statement in a range of rainbow colours. The glasses are easy to stack and store, and pack a stylish punch, too. They're available in aqua, blue, green, pink, red, smoke or yellow.

Shot

This understated line of shot glasses is solid, well-balanced and serves up just the right amount every time. The 30ml regular shot is a certified measure, making it a dual-purpose glass and spirit nip pourer. Sleek and safe.

Stein Beer

The Polysafe Stein is never too hard to handle. Light and comfortable to hold, our traditionally shaped steins are perfect for serving up another round of foamy-headed German beer.

Tall Shot

This understated line of tall shot glasses is solid, well-balanced and serves up just the right amount every time.

Vino

The Vino range doesn't compromise on style, and it's both safe and durable. Available in stemmed, taster and stemless varieties, Vino is elegant and pleasant to drink from. It's also ideal for glass-free environments and occasions.

Chemicals

Specially formulated by Polysafe, our soaking powder and detergents remove build-up and they scale and increase the lifespan of your polycarbonate glassware. Use regularly to enjoy a sparkling finish.

Care & Maintenance

- Hand and machine wash using Polyclean by Polysafe.
- For heavily soiled glasses, use Revive, the polycarbonate soaker exclusive to Polysafe products.
- When hand washing, use only a soft sponge and avoid repetitive movements such as twisting whilst cleaning.
- Avoid using scourers and abrasive cleaning cloths, which make the polycarbonate glasses appear scratched and cloudy.
- Glass brush cleaners are also damaging to polycarbonate surfaces. We recommend folding a cleaning cloth over the bristles to create a protective barrier between the brush and the glass.
